

EIC Code Change in Baltic Countries at XBID Go-Live

Tuesday, 08 May 2018

Dear Sir/Madam,

We are writing to give notice that due to the go-live of XBID on 13th June 2018, there will be a change to the EIC Code for Nord Pool members trading Intraday in any of the Baltic countries. For the delivery day 13th June 2018, Nord Pool's EIC code for intraday trading will change from "11XNPSPOT-ELBASW" to "11Y0-0000-0001-T".

This means that for members trading Intraday in Latvia, Lithuania and/or Estonia, the last delivery date on which the current EIC code can be used for nominations will be 12th June 2018.

For all nominations of intraday trades with delivery date 13th June 2018 and onwards, customers must use the new EIC code, 11Y0-0000-0001-T.

Action needed:

- After all nominations for delivery day 12th June 2018 are done, members must change the EIC code in their systems from 11XNPSPOT-ELBASW to 11Y0-0000-0001-T.
- All trades with delivery date 13th June 2018 will be nominated towards the new EIC code 11Y0-0000-0001-T.

We kindly request that you confirm receipt of this letter on behalf of your company by sending an email to member.services@nordpoolgroup.com by Friday 18th May 2018. Please note that day-ahead nominations are not affected by this change.

Yours sincerely,

NORD POOL AS
